Improving Skills Development in the Informal Sector:

Strategies for Sub-Saharan Africa (Directions in Development)

It's horrible and inexplicable.

Metabolomics as a Tool in Nutrition Research

A narrative analysis of 22 reviews on pregnancy in women with obesity showed that gestational diabetes, preeclampsia, gestational hypertension, depression, instrumental and cesarean birth, and surgical-site infection are more likely to occur in pregnant women with obesity compared with women with a healthy weight.

SuperHombre 53 Petroleo en el desierto

His ideas might seem more familiar to us now, but at his death they were controversial, even shocking.

The True Secret Of Success

AnA Crespo solAnA coord. Partial truths and selective reporting are used to reinforce common stereotyping, such as the view that 'women talk more than men' which, as Cameron shows, is not substantiated by a proper examination of the research.
